Experience the unique geographic and political location of the Commonwealth of Puerto Rico. The Island offers a unique combination of geographic, cultural, and political conditions that place it both "inside" and "outside" the United States. Study issues of political and economic development in Latin America and the Caribbean, as well as issues of race and ethnicity that are of "domestic" U.S. concern.

Directed by professor César Ayala, UCLA Sociology Department and, professor Mark Sawyer, UCLA Political Science Department.

**CURRICULA:**

8 quarter units

Political Science/Afro Am M154C: Black Experience in Latin America and Caribbean

Sociology M178: Sociology of Caribbean
